EX80 OFFICE DOCK

Features & Benefits

The Getac EX80 Office Dock brings out multiple I/O ports for connecting essential peripheral devices in the office environment. Through the integrated Ethernet and USB connections, users can quickly collect and synchronize field data with central offices for real-time reporting and analytics.To ensure safety in explosive atmospheres, the DC-In Jack has been removed. Safety Charging can be performed by docking with the Office Dock in a non-hazardous environment. This AC adapter set includes five different power plugs -EU/UK/US/CN/AU, that fit different electrical outlets around the world, providing additional convenience for mobile operations.
