

Kenworth T680/T880 No-Drill Semi-Truck Mount

Item #7160-1283

The Kenworth T680/T880 No-Drill Semi-Truck bracket is designed to be a no drill solution and installed directly into the dash of the T680 and T880 Semi Truck. It provides a great solution for the ELD requirements. With multiple AMPS patterns on the plate, this will support a multitude of places to mount your tablet or phone. The addition of slots to the bottom of the plate allows for a clean install as wires can then be directed behind the plate.

Weight

1.21 lbs / .544 kg

Dimensions

Width: 5.66" / 14.22 cm

Height: .66" / 1.676 cm

Length: 9.75" / 24.77 cm
