

IPIX Point-of-Care Workstations

IPIX 17

IPIX 19

IPIX 22

The IPIX all-in-one has become the computer of choice for many hospitals, replacing non-medical-grade laptop and desktop PCs. The Datalux IPIX all-in-one computer was created to handle the demands of point-of-care applications in hospitals and clinics while offering a set of infection control solutions that are unique to the industry. The mobile, energy-efficient IPIX system is compliant with IEC-60601-1 requirements for use in patient care environments. Plus, the versatile VESA mount means IPIX is the perfect choice for your mobile cart, wall mount or desktop application.

VIDEO - Intel HD Graphics 3000, up to 1.70GB video memory

DisplayPort output, convertible to VGA, DVI or HDMI (w/adapters)

Color Active Matrix LCD

IPIX 17 - 1280x1024 SXGA resolution

IPIX 19 - 1280x1024 SXGA resolution

IPIX 22 - full HD, 1920x1080 resolution

DIMENSIONS

IPIX 17" - 15.5" x 13.5" x 2.5" / 11.3 pounds
(394 mm x 343 mm x 64 mm / 5.1 kg)

IPIX 19" - 17.3" x 15.6" x 2.3" / 14.5 pounds
(440 mm x 395 mm x 58 mm / 6.6 kg)

IPIX 22" - 21.9" x 15.2" x 2.5" / 13.6 pounds
(556mm x 386mm x 64mm / 6.2 kg)

WIDE RANGE POWER INPUT - 8-18 VDC w/ built-in power conditioning

OPERATING SYSTEMS - Windows 7 Professional, Windows XP Professional

OPTIONS:

- Integrated 802.11a/b/g/n wireless (consumes one PCIe minicard slot)
- 60GB SSD or 120GB SSD
- Additional LAN port (next to DisplayPort connector)
- Integrated Bluetooth
- Touchscreen, 5-wire resistive
- Integrated 1.3MP camera
- Proximity sensor
- Additional USB port

OTHER FEATURES:

- Power efficient – built with laptop components; ACPI compliant
- Removable, shock-mounted hard drive for security and serviceability
- Sealed front bezel with anti-microbial additives
- Internal battery option allows the unit to remain running during power interruptions
- Slim design allows mounting virtually anywhere
- No vents. All ports face downward for resistance to liquid ingress
- Sturdy metal back with VESA mounting holes
- IPIX 17 and 19 - Standard 4:3 aspect ratio for viewing full page documents at 100%. IPIX 22 - 16:9 aspect ratio
- DisplayPort Video output for direct digital connection to secondary LCD monitors
