

Kenworth T680/T880 No-Drill Semi-Truck Mount with Tilting Bracket

Item #7160-1283-01

The Kenworth T680/T880 bracket is designed to be a no drill solution and installed directly into the dash of the T680 and T880 semi-trucks. Our mount is an effective way of support your ELD device. With multiple AMPS patterns on the plate, this will support a multitude of places to mount your tablet or phone. The addition of slots to the bottom of the plate will allow for a clean install as wires can then be directed behind the plate.

Weight

2.4 lbs / 1.089 kg

Dimensions

Width: 5.66" / 14.22 cm

Height: 4.87" / 12.37 cm

Length: 9.75" / 24.77 cm
